BSCRS SPRING MEETING

2025

SATURDAY MAY 24

in Bruges

CONTROVERSIES IN INNOVATIONS IN CATARACT & REFRACTIVE SURGERY

Current Approaches in Corneal Disease

Organised by

BSCRS
BCLSO

in collaboration with

OBAO Organisation of Belgian Residents in Ophthalmology
Be-Cornea Belgian corneal specialists

Dear Colleagues,

It is our pleasure to invite you to the **BSCRS-BCLSO Spring Meeting 2025**. The meeting will take place on Saturday, May 24, 2025, in the beautiful and historic city of Bruges at BMCC (Bruges Meeting and Convention Centre). The topic of the meeting will be **Controversies in Innovations in Cataract & Refractive Surgery – Current Approaches in Corneal Disease**.

This meeting is designed to provide a high-quality educational program, featuring scientific sessions with expert speakers. In addition to these sessions, there will be a video session on anterior segment surgery and a Scientific Posters Session, including a Best Poster Prize (a separate email will follow with the Call for Poster Abstracts). A **preliminary program** is available on the next page. The day will conclude with a Farewell Reception.

Alongside the scientific program, there will be an Industry Exhibition Area where leading companies will showcase the latest innovations and technologies in cataract, refractive, and corneal surgery.

We look forward to welcoming you to Bruges for an inspiring scientific exchange and a memorable social event.

BSCRS board

Dr. Guy Sallet - President

Dr. Benoît Golenvaux - Vice-President

Dr. Nashwan Al-Sabai - General Secretary

Prof. Dr. Marie-José Tassignon - Treasurer

 **REGISTER NOW**

Kick off the event with the

The scientific meeting will be preceded by the BSCRS Golf Tournament on Friday, May 23, 2025, from 09:00 to 13:00, followed by lunch at the exclusive Royal Golf Club of Belgium – Ravenstein (www.rgcb.be).

Fee: €50 (includes lunch)

Golf Registration* Deadline: March 31, 2025

* Only golfers registered for the Spring Meeting can participate in the tournament.

Limited access - first come, first served.

PRELIMINARY SCIENTIFIC PROGRAMME

Controversies And Innovations In Cataract & Refractive Surgery Current Approach In Corneal Diseases

09:00 Welcome and Opening Remarks

Advances in Intraocular Lenses: Exploring the Future

09:05 - 10:35

09:05 **Functional classification of IOL's**

FX Crahay

09:15 **Evaluation of binocular vision in refractive surgery**

D Godts

09:20 *Discussion*

09:25 **Zonal refractive IOL**

speaker to be confirmed

09:35 **Diffraction / refractive IOL**

speaker to be confirmed

Overview of the latest innovations in diffractive lens designs, addressing depth of focus, glare reduction, and enhanced night vision.

09:45 **Spiral Profile IOL: First clinical results**

Guy Sallet

09:55 *Discussion*

Innovation in Surgical Techniques for Cataract Surgery

10:05-10:30

10:05 **Automated Lens Fragmentation FEMTOLASER**

N Al Sabai

10:15 **Aberrations: Indications for Removing Aberrations to Improve Vision**

B Pion

10:25 *Discussion*

10:30 - 11:00 *Coffee break*

Current approach in corneal diseases

11:00-12:30

Be-Cornea — S Ni Dhubhghaill & K Termote

12:30 *General assembly*

12.50-14:00 *Lunch*

BSCRS - OBAO Session

14:00-15:30

Possible Topics to be confirmed:

- Limits of Refractive Surgery
- Comparing Refractive Techniques for Presbyopia Management
- Posterior Chamber Phakic IOL (IPCL/ICL) vs Corneal Refractive Surgery (SMILE/LASIK/PRK)

15:30-16:00 *Coffee break*

VIDEO Session

16:00-17:00

Video session in anterior segment surgery in collaboration with OBAO and to be confirmed

Closing Remarks and Future Perspectives – Chairperson

17:00 *Farewell reception*
